

Dr. Nalin Dhamecha

Special Interest in Endodontics

GDC number: 72284

Dr Dhamecha qualified from King's College, London in 1996.

He has 20 year's clinical experience in dentistry having worked as an associate dental surgeon in general dental practice and also the last 12 years experience in a hospital unit in restorative dentistry.

Dr Dhamecha has a special interest in endodontics. He has completed various postgraduate courses and continues to attend regular postgraduate training courses. He has completed the MFDGP (UK) examination from the Royal College of Surgeons, England in 2003, and in 2005 completed the Certificate in Endodontics from the Eastman Dental Institute.

Dr Dhamecha presently has a position as a Speciality Dentist at St George's Hospital, Tooting. He has been working with our team for over 2 years and also works as a dentist with a special interest in endodontics (DwSI) at two other practices. He was a practice owner for 7 years, but currently his practice is limited to Endodontics.

Outside of dentistry enjoys travel, reading and is a keen skier.
